

Glasgow–Sharm el-Sheikh work programme on
global goal on adaptation

Background

The Paris Agreement, in its Article 7.1, established the global goal on adaptation (GGA) of **enhancing adaptive capacity, strengthening resilience and reducing vulnerability** to climate change, with a view to contributing to sustainable development and ensuring an adequate adaptation response in the context of the temperature goal referred to in Article 2 of the Agreement.

Mandate

7/CMA.3

Establishes and launches a comprehensive two-year Glasgow–Sharm el-Sheikh work programme on the global goal on adaptation

Decides that the work programme will be carried out jointly by the Subsidiary Body for Scientific and Technological Advice and the Subsidiary Body for Implementation; and Requests the secretariat to support the implementation of the work programme.

Also requests the secretariat to prepare, under the guidance of the Chairs of the subsidiary bodies, a single annual report on the workshops for consideration at the sessions of the subsidiary bodies coinciding with the sessions of CMA

Invites the subsidiary bodies to report annually to the CMA, taking into account the single annual report, on progress in implementing the work programme with a view to recommending a draft decision thereon for consideration and adoption by CMA 5(November 2023)

Objectives and workshops

Objectives

- a) Enable the full and sustained implementation of the Paris Agreement, towards achieving the global goal on adaptation, with a view to enhancing adaptation action and support;
- b) Enhance understanding of the global goal on adaptation, including of the methodologies, indicators, data and metrics, needs and support needed for assessing progress towards it;
- c) Contribute to reviewing the overall progress made in achieving the global goal on adaptation as part of the global stocktake with a view to informing the first and subsequent global stocktakes;
- d) Enhance national planning and implementation of adaptation actions through the process to formulate and implement national adaptation plans and through nationally determined contributions and adaptation communications;
- e) Enable Parties to better communicate their adaptation priorities, implementation and support needs, plans and actions, including through adaptation communications and nationally determined contributions;
- f) Facilitate the establishment of robust, nationally appropriate systems for monitoring and evaluating adaptation actions;
- g) Strengthen implementation of adaptation actions in vulnerable developing countries;
- h) Enhance understanding of how communication and reporting instruments established under the Convention and the Paris Agreement related to adaptation can complement each other in order to avoid duplication of efforts.
