

Facilitative Working Group of the Local Communities and Indigenous Peoples Platform

Vision and Strategy Statement

(Adopted on 3 June 2023, during FWG 9)

FWG, in implementing the three functions of the Platform, strives to elevate the leadership role of Indigenous Peoples and local communities in the collective effort toward transformative climate policies and actions by:

- upholding a rights-based approach
- ethically and equitably engaging Indigenous values and worldviews, (such as stewardship of and living in harmony with Mother Earth to ensure its enduring integrity for all life forms today and in the future), and perspectives from local communities
- fostering full and effective participation of Indigenous Peoples and local communities in achieving the objectives of the Convention, Kyoto Protocol, and the Paris Agreement.
