Pikialasorsuaq

Bilateral Conservation Area

2017 – Pikialasorsuaq Commission Report Recommendations

- Establishment of a **management regime, with a management authority** led by Inuit representatives from communities in the Pikialasorsuaq region.
- Identification of a **protected area** comprised of the polynya itself and a larger management zone.
- Establishment of a **free travel zone** for inuit across the Pikialasorsuaq region.

INUIT PERSPECTIVES ON CONSERVATION

- Indigenous peoples practice **conservation through use**
 - Conservation is as much about Food Security as it is about protection
 - Indigenous communities often bear the '**burden of conservation**'
 - No take areas violate recognized Indigenous rights
-

INTERNATIONAL DRIVERS

- Increasing attention on Arctic affairs
 - International development of Arctic Strategies
 - Promotion of UN initiatives
 - UN '30x30'
 - UN BBNJ (Biodiversity Beyond National Jurisdiction)
 - UN CBD (Convention on Biological Diversity)
 - Conflicts in protection & exploitation
 - Increasing pressure to create protected areas
