

## **LCIPP Multi-stakeholder dialogue at COP 28**

### ***Transformative Technologies for Climate Action: Focusing on Indigenous technologies and technologies from local communities***

#### ***An event in collaboration with Technology Executive Committee (TEC)***

#### **Concept Note**

***Version: 16 November 2023***

#### **Date, Time, and Venue**

- Date and Time: 03 December 2023; 13:00-16:00  
Venue: tbc
- Interpretation available in the UN languages English, Spanish, Russian, French(tbc)

#### **Background**

The LCIPP Multi-stakeholder dialogues under the Activity 7 of the second three -year workplan falls under the climate change policies and action function of the LCIPP. It is mandated to “convene in-session multi-stakeholder dialogues, including Indigenous Peoples, local communities, Parties and other relevant bodies and processes, to advance the participation of Indigenous Peoples and local communities in designing and implementing holistic climate change policies and actions at all levels”.<sup>1</sup>

The engagement of Indigenous Peoples and local communities, including ethical and equitable treatment of Indigenous knowledge, is a common thread linking together the multi-stakeholder dialogues. This activity contributes to a participatory approach to climate action, in line with Article 7 paragraph 5 of the Paris Agreement. It contributes to the Paris Agreement objective of promoting climate action that is “based on and guided by the best available science and, as appropriate, traditional knowledge, knowledge of Indigenous Peoples and local knowledge systems”.

#### **Objectives**

The objectives of the multi-stakeholder dialogue are:

- Support substantive exchanges focusing on the participation of Indigenous Peoples and local communities in climate action design and implementation at all levels
- Facilitate the development of climate change policies and actions that promote a holistic approach based on the knowledge and practices of Indigenous Peoples as well as those of local communities
- Strengthen climate action based on the best available knowledge by promoting the ethical and equitable treatment of Indigenous knowledge in education, and research (in relation to Activity 3 of the 2022-2024 workplan), related to climate change

The theme of the LCIPP Multi stakeholder dialogue at COP 28 will be on Indigenous and traditional technologies, sciences, and innovations.

The event is being organized in collaboration with the Technology Executive Committee (TEC)

<sup>1</sup> Annual Resolution on the Rights of Indigenous Peoples ([A/77/460](#))

## Agenda

<b>Opening</b>	
10 minutes	<ul style="list-style-type: none"> <li>○ Opening invocation by Josimara Melgueiro, Federation of Indigenous Organizations of the Rio Negro - FOIRN, from the Brazilian Amazon</li> <li>○ Welcome remarks by Activity 7 Co-Leads, Facilitative Working Group of the LCIPP</li> </ul>
<b>High level Segment</b>	
<i>Importance of Indigenous and traditional technologies in transformative climate solutions</i>	
15 minutes	<ul style="list-style-type: none"> <li>○ Opening remarks by COP 28 High level Champion</li> <li>○ Welcome remarks by Stig Svenningsen, Chair, Technology Executive Committee (TEC)</li> </ul>
<b>Panel discussion I: <i>Mitigation technologies, sciences, and innovations</i></b>	
<i>Moderated by Activity 7 Co-Lead, Facilitative Working Group of the LCIPP</i>	
40 minutes	<p><b>Examples of existing solutions from knowledge holders</b>          Could you share some examples of Indigenous technologies or traditional technologies being used in your region which has been contributing to mitigating the effects of climate change?</p> <p>Panelists:</p> <ol style="list-style-type: none"> <li>1. Irina Kurilova (<b>Central and Eastern Europe, Russian Federation, Central Asia and Transcaucasia</b>)</li> <li>2. Erity Teave Hey (<b>The Pacific</b>)</li> <li>3. Tabea Casique Corondao (<b>Central and South America, and the Caribbean</b>)</li> <li>4. Anne Lasimbang (<b>Asia</b>)</li> </ol>
15 minutes	<p><b>Reflections from relevant stakeholders</b>          The Indigenous knowledge holders shared some important technologies which are already working in their regions. How could these be ethically and equitably engaged in your work on climate policies and actions?</p> <p>Discussants:</p> <ul style="list-style-type: none"> <li>• Sele Tagivuni, representative of the Indigenous Peoples organizations in the TEC activity group on 'innovative ocean climate solutions'</li> <li>• IPCC (TBC)</li> <li>• Marrakech partners</li> <li>• Country representative</li> </ul>
20 minutes	<p><b>Open Dialogue:</b>          Additional examples or reflections from the Indigenous Peoples, representatives from the local communities and other relevant stakeholders</p>
<b>Panel discussion II: <i>Adaptation technologies, sciences, and innovations</i></b>	
<i>Moderated by Activity 7 Co-Lead, Facilitative Working Group of the LCIPP</i>	
40 minutes	<p><b>Examples of existing solutions from knowledge holders</b>          Could you share some examples of Indigenous technologies or traditional technologies being used in your region which has been helping your community adapt to climate change?</p>

Local Communities and Indigenous Peoples Platform  
 Activity 7 of the 2<sup>nd</sup> 3-year workplan (2022-2024)  
 Concept note by the Facilitative Working Group

	<p>Panelists:</p> <ol style="list-style-type: none"> <li>1. Angel Valencia (<b>North America</b>)</li> <li>2. Jacqueline Denise Shaeffer (<b>The Arctic</b>)</li> <li>3. Ali Mohamed Adan (<b>Africa</b>)</li> </ol>
15 minutes	<p><b>Reflections from relevant stakeholders</b></p> <p>The Indigenous knowledge holders shared some important technologies which are already working in their regions. How could these be ethically and equitably engaged in your work on climate policies and actions?</p> <p>Discussants:</p> <ul style="list-style-type: none"> <li>• Pasang Dolma Sherpa, representative of the Indigenous peoples organizations in the TEC activity group on 'engagement with the Paris Committee on Capacity-building'</li> <li>• IPCC (TBC)</li> <li>• Inputs from AC and WIM Excom</li> <li>• Marrakech partners</li> <li>• Country representative</li> </ul>
20 minutes	<p><b>Open Dialogue</b></p> <p>Additional examples or reflections from the Indigenous Peoples, representatives from the local communities and other relevant stakeholders          (Interest expressed by Hla Doi (Asia) and Niila Inga (The Arctic))</p>
<b>Closing</b>	
5 minutes	<p>Remarks on how the discussions can feed into the UNFCCC process including the work of Constituted Bodies such as TEC and FWG</p> <ul style="list-style-type: none"> <li>○ Stephen Minas, TEC member, co-lead of TEC activity group on 'engagement with the LCIPP'</li> <li>○ Activity 7 Co-Leads, Facilitative Working Group of the LCIPP</li> </ul> <p>Closing invocation by Indigenous knowledge holder</p>
