1. BACKGROUND

The Plurinational State of Bolivia, in accordance with its constitutional mandate, has been working on the construction of the life horizon of Living Well as an alternative to the anthropocentric capitalist Western civilizational paradigm. Living Well (Suma Qamaña, Allin Kawsay) is born from the wisdom of the original indigenous peasant nations and peoples and is to live in harmony, balance and complementarity among all living beings in the totality of Mother Earth.

Under the coordination of the Vice-Presidency of the Plurinational State of Bolivia, the entity responsible for contributing to the formulation of foreign policy and the design of public policies conferred by the Political Constitution of the State, the document "Living Well Report" of the Plurinational State of Bolivia was prepared, which was presented by President Luis Arce Catacora and Vice President David Choquehuanca Céspedes on December 21, 2023 in Tiwanaku, La Paz.

The Living Well Report includes the experiences and the Codes of Living Well as a central part in the consolidation of the Political Awakening and Awakening of Consciousness. Within this framework, more than 300 Codes of Living Well have been recovered from the thirty-six (36) Indigenous Nations and Peoples of our country, understood as principles and orientations inherited from the worldviews and wisdom of ancestral and millenary cultures.

With the purpose of initiating a global process of recovery of the Codes of Living Well from the plural wisdoms of the different Ancestral Peoples of the World, the Virtual Platform "Codes of Living Well of the Ancestral Peoples of the World" was presented in the event entitled "Plural Wisdoms of the Indigenous Peoples towards a Cosmobiocentric World from the Codes of Living Well" organized by the Plurinational State of Bolivia, as a side event in the 23rd Session of the United Nations Permanent Forum on Indigenous Issues, which took place from April 15 to 26, 2024 at UN Headquarters.

On that occasion, the Vice President of the Plurinational State of Bolivia, David Choquehuanca Céspedes, and the Minister of Foreign Affairs, Celinda Sosa Lunda, launched this virtual

platform, as a space to reaffirm the voices of the Indigenous Peoples by revaluing the wisdom of the native peoples' heirs of ancestral and millenary cultures.

In this regard, with a view to promoting the recovery of the Codes of Living Well with the active participation of the diplomatic corps accredited in Bolivia and with the leading role of the ambassadors and consuls of Bolivia abroad, the Vice-Presidency of the Plurinational State of Bolivia, the Ministry of Foreign Affairs and the Ministry of Culture, Decolonization and Depatriarchalization have been organizing an Event for the Presentation of the Virtual Platform "Codes of Living Well and Ancestral Peoples of the World", to be held on Tuesday, June 25, 2024.

2. DESCRIPTION OF THE VIRTUAL PLATFORM

The Virtual Platform "**Codes of Living Well and Ancestral Peoples of the World**" is a tool created for the dissemination and revaluation of the wisdom of ancestral peoples under the format of Codes of Living Well. These codes of life have been protected for centuries by the native peoples and have survived colonization and the anthropocentric Western civilizational paradigm, being to this day orientations, values of conduct and principles that govern the life of the peoples from the worldviews and wisdom of the millenary ancestral cultures.

This Platform allows the registration and constitutes a repository of the Codes of Living Well that are present in languages, textiles, ceremonies, dances, sciences, myths, and sacred places of Indigenous Peoples, which must be decoded. The Platform is an invitation to all the ancestral peoples of the world to awaken and make visible their Codes of Living Well, since they are the heritage of all peoples to live in balance, harmony and complementarity with Mother Earth and among ourselves. This Virtual Platform is available for consultation and registration of Codes at the following link: <https://codigosvivirbien.bo/es/>
