#### **Agenda Item 3b: Strategic Implementation of the Baku Workplan**

##### ***Collective Approach 1: Gathering of Knowledge Holders***

This approach creates an annual cycle that begins by convening knowledge holders to exchange experiences, worldviews, stories and practices. The outcomes of these gatherings feed into inclusive dialogues with Indigenous Peoples, local communities, Parties, constituted bodies and other LCIPP contributors. An informal briefing is also organized to strengthen the capacity of Indigenous Peoples and local communities for meaningful engagement at COP sessions. Key deliverables include a summary report that documents discussions, recommendations, and engagement opportunities, as well as case studies compiled in various formats. Outputs, including case stories and recommendations, will be woven into the relevant workstreams across the UNFCCC, guided by the annual LCIPP theme(s).

##### ***Collective Approach 2: Regional Engagement***

This approach brings the Baku Workplan to the regional level. Each year, at least two gatherings will take place in different UN regions, with the direct involvement of elders, practitioners, knowledge holders, women and youth in the planning and implementation of these gatherings. Outcomes from these gatherings feed into regional dialogues that also involve Parties, constituted bodies and other LCIPP partners. The FWG also facilitates the participation of Indigenous Peoples and local communities in existing regional activities, such as the NAP Expo, to widen the reach and impact. Summary reports and case stories from regional engagements inform relevant workstreams across the UNFCCC, amplifying the engagement of Indigenous Peoples and local communities and supporting the repositioning of regional climate narratives in line with the FWG's vision and strategy.

##### ***Collective Approach 3: Seventh-Generation Roundtable***

This approach centres on an annual Seventh-Generation Round Table, grounded in the principle of safeguarding the well-being of the seventh generation and elevating intergenerational perspectives. Preparations for the Round Table include virtual meetings to engage Indigenous youth and youth from local communities in designing a regionally balanced agenda and building their capacity for meaningful engagement in COP sessions. Outcomes, including summary reports, recommendations and case stories, enrich the UNFCCC process by amplifying the voices of Indigenous youth and youth from local communities and reinforcing intergenerational and global commitments to climate action and the restoration of nature.
