FWG Vision & Strategy Statement (*Adopted at FWG 9*)

FWG, in implementing the three functions of the Platform, strives to elevate the **leadership role** of Indigenous Peoples and local communities in the **collective effort** toward **transformative climate policies and actions** by:

- ✓ upholding a **rights-based approach**
- ✓ ethically and equitably engaging **Indigenous values and worldviews**, (such as stewardship of and living in harmony with Mother Earth to ensure its enduring integrity for all life forms today and in the future), and **perspectives from local communities**
- ✓ fostering **full and effective participation** of Indigenous Peoples and local communities in achieving the objectives of the Convention, Kyoto Protocol, and the Paris Agreement.

Indigenous Peoples and local communities in the process

What is it?

Who created it and when?

What are its functions?

Indigenous Peoples Organizations (IPO) Constituency

An informal loose group of NGOs admitted by the COP to the UNFCCC process as observer organizations with diverse but broadly clustered interests or perspectives. It has an internal oversight and coordination mechanism

Admitted Indigenous Peoples NGOs at COP 7 in 2001

For the secretariat, the functions are effective communication between the large number of admitted NGOs and the secretariat on engagement opportunities in various aspects in the UNFCCC process. The interaction between the secretariat and the IPO is through the focal points who:

- Provide a conduit for the exchange of official information between their Constituency and the secretariat;

Local Communities and Indigenous Peoples Platform (LCIPP)

A platform created by the Conference of the Parties (COP)

In 2015, the COP, through Decision 1/CP.21 135. Recognizes the need to strengthen knowledge, technologies, practices and efforts of local communities and indigenous peoples related to addressing and responding to climate change, and establishes a platform for the exchange of experiences and sharing of best practices on mitigation and adaptation in a holistic and integrated manner

In 2017, at COP 23, Decision 2/CP.23 outlined the three functions of the LCIPP

a. Knowledge: the platform should promote the exchange of experience and best practices with a view to applying, strengthening, protecting and preserving traditional knowledge, knowledge of indigenous peoples and local knowledge systems, as well as technologies, practices and efforts of local

Facilitative Working Group (FWG) of the LCIPP

A constituted body in the UNFCCC process

In 2018, at COP 24 in Katowice, Decision 2/CP.24 created the Facilitative Working Group (FWG)

FWG was established to “further operationalize the LCIPP and facilitate the implementation of its functions.”

Indigenous Peoples and local communities in the process

What are its functions?

Indigenous Peoples Organizations (IPO) Constituency

- Assist the secretariat in ensuring an effective participation appropriate to an intergovernmental meeting;
- Coordinate NGO interactions at sessions including convening constituency meetings, organizing meetings with officials, providing names for the speakers list and representation at official functions;
- Provide logistical support to their constituents during sessions;
- Assist the secretariat in realizing representative observer participation at workshops and other limited-access meetings

For the IPO members, the functions are effective engagement in the UNFCCC process and capacity building of the members who are relatively new to the process. This includes:

- Information sharing on engagement opportunities in the UNFCCC process both intersessionally and in-sessionally.
- Development of constituency-wide positions and statements at Plenary meetings, the high-level segment and/or contact groups of various agenda items.

Local Communities and Indigenous Peoples Platform (LCIPP)

- communities and indigenous peoples related to addressing and responding to climate change, taking into account the free, prior and informed consent of the holders of such knowledge, innovations and practices;
- b. **Capacity for engagement:** the platform should build the capacity of indigenous peoples and local communities to enable their engagement in the UNFCCC process and the capacity of Parties and other relevant stakeholders to engage with the platform and with local communities and indigenous peoples, including in the context of the implementation of the Paris Agreement and other climate change related processes;
 - c. **Climate change policies and actions:** the platform should facilitate the integration of diverse knowledge systems, practices and innovations in designing and implementing international and national actions, programmes and policies in a manner that respects and promotes the rights and interests of local communities and indigenous peoples. The platform should also

Facilitative Working Group (FWG) of the LCIPP

Indigenous Peoples and local communities in the process

What are its functions?

Indigenous Peoples Organizations (IPO) Constituency

- Nomination of representatives to various engagement opportunities in a way that is fair and well-coordinated across the seven socio-cultural regions
- Channeling the feedback from the Constituency members to the COP Presidency, the secretariat, and other presiding officers.

Local Communities and Indigenous Peoples Platform (LCIPP)

facilitate the undertaking of stronger and more ambitious climate action by indigenous peoples and local communities that could contribute to the achievement of the nationally determined contributions of the Parties concerned;

Facilitative Working Group (FWG) of the LCIPP

A constituted body in the UNFCCC process

How does it operate?

Through the co-chairs who are nominated periodically with internal governance and oversight established over decades.

The LCIPP mandate is realized by implementing the activities under its workplan.

The Facilitative Working Group (FWG) of LCIPP, implements the LCIPP workplan

The FWG is currently implementing the Baku Workplan of the LCIPP

The FWG

- Operates on the basis of consensus, per decision 2/CP.24, para 15.
- Meets twice per year in conjunction with the sessions of the SBs and the session of the COP
- Comprises 14 members:
 - One representative of a Party from each of the UN regional groups
 - One representative of a Party from a SIDS
 - One representative of a least-developed country Party
 - Seven representatives from IPOs, one from each of the seven UN Indigenous sociocultural regions

Indigenous Peoples and local communities in the process

How does it engage Indigenous Peoples and local communities in its activities?

Indigenous Peoples Organizations (IPO) Constituency

For information on how the IPO Constituency engages Indigenous Peoples and local communities in its activities, please contact the IPO Constituency Focal Points

Local Communities and Indigenous Peoples Platform (LCIPP)

Facilitative Working Group (FWG) of the LCIPP

- Through
- Its membership
 - Facilitating the implementation of LCIPP workplan activities, including annual and regional gatherings
 - Collaborating with relevant bodies and processes under and outside the Convention
 - Engaging Indigenous Peoples and local communities in its biannual meeting

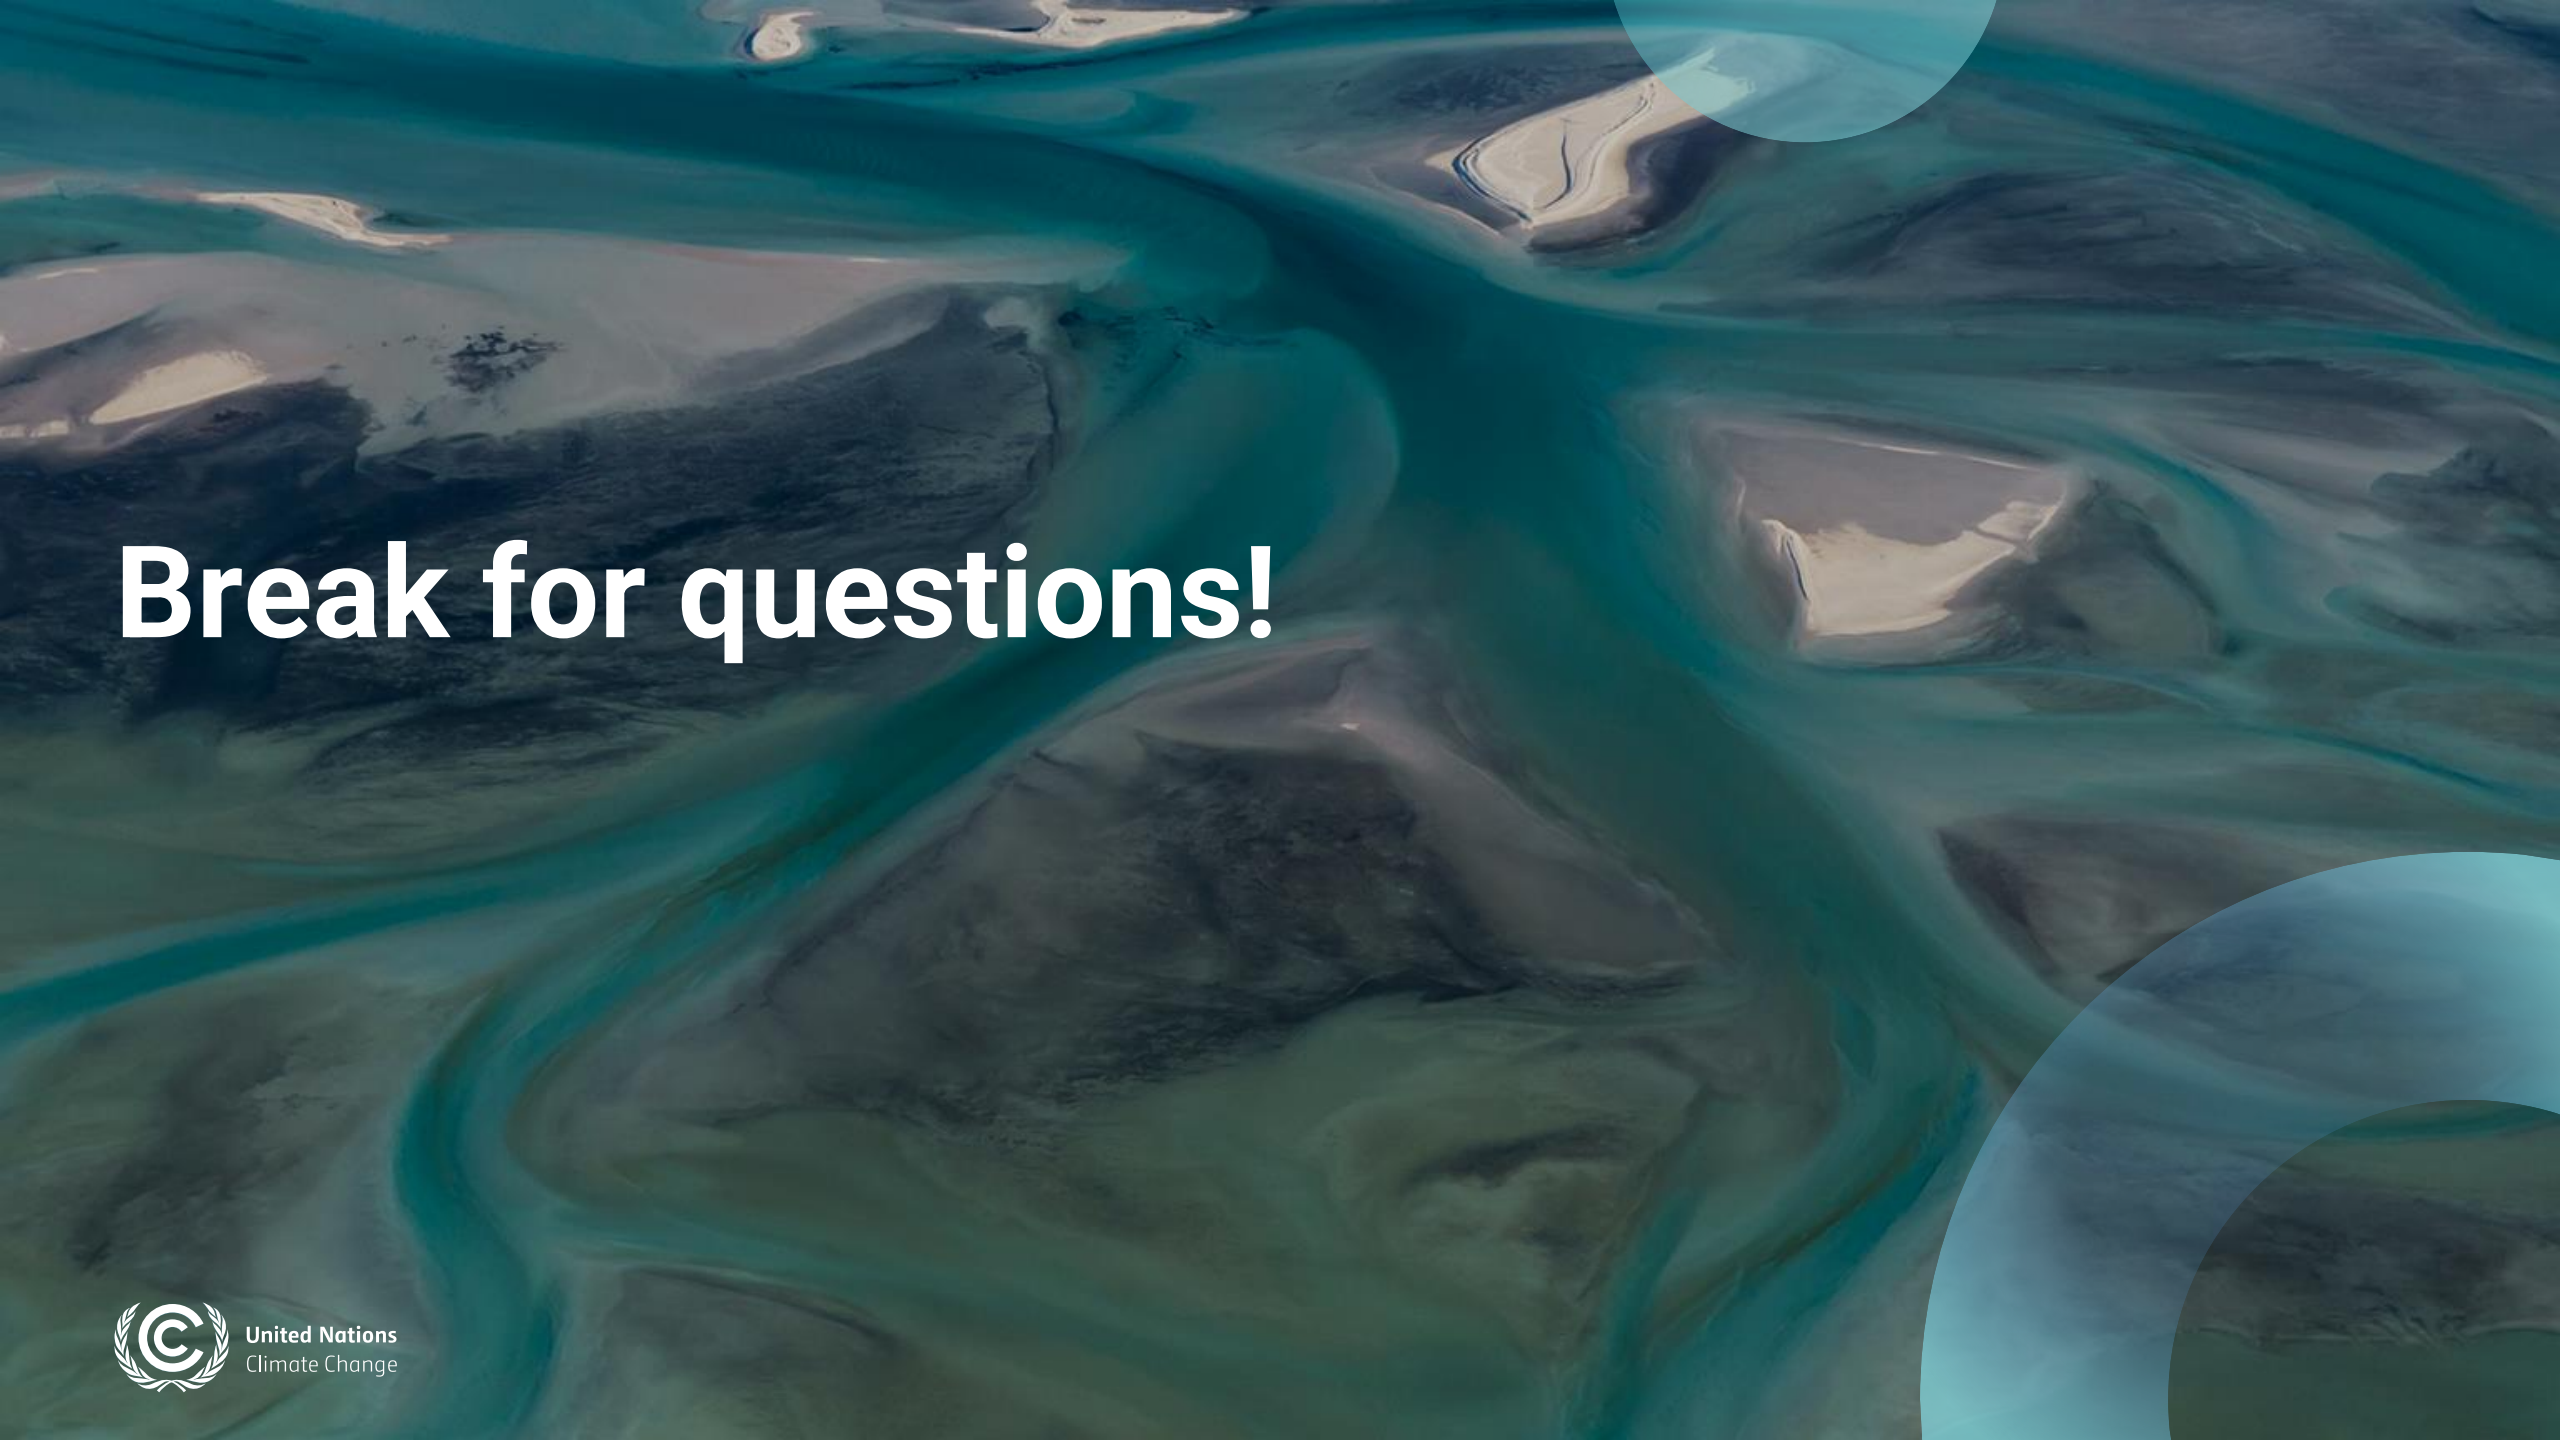

Who is providing secretariat support?

ACTIVITY 1001 Knowledge

Annual meetings in conjunction with the COP (2020-2021)

Under the function of "knowledge": Organize annual meetings in conjunction with the sessions of the COP, with the participation of indigenous peoples, on traditional knowledge, knowledge of indigenous peoples, and local knowledge systems on cross-cutting themes related to addressing and responding to climate change.

Deliverables:

- Compilation of information on existing rights of indigenous peoples related to the exchange and safeguarding of traditional knowledge, and on indigenous peoples' protocols, in the context of the LCIPP, to inform the 1st annual meeting;
- Compilation of information on the use of local knowledge systems, to inform the 1st annual meeting;
- One meeting per year;
- Summary reports on the meetings, which could include recommendations to the FWG on good practices, obstacles and proposed solutions.

ACTIVITY 1 Knowledge

Annual meetings in conjunction with COP

● Ongoing

Under the function of "knowledge": Organize annual meetings in conjunction with the sessions of the COP, with the participation of indigenous peoples and indigenous knowledge holders, to expand and enhance inclusion of traditional knowledge of indigenous peoples and local knowledge systems in addressing and responding to climate change, consistently with rights-based international safeguards and the cultural protocols of indigenous peoples.

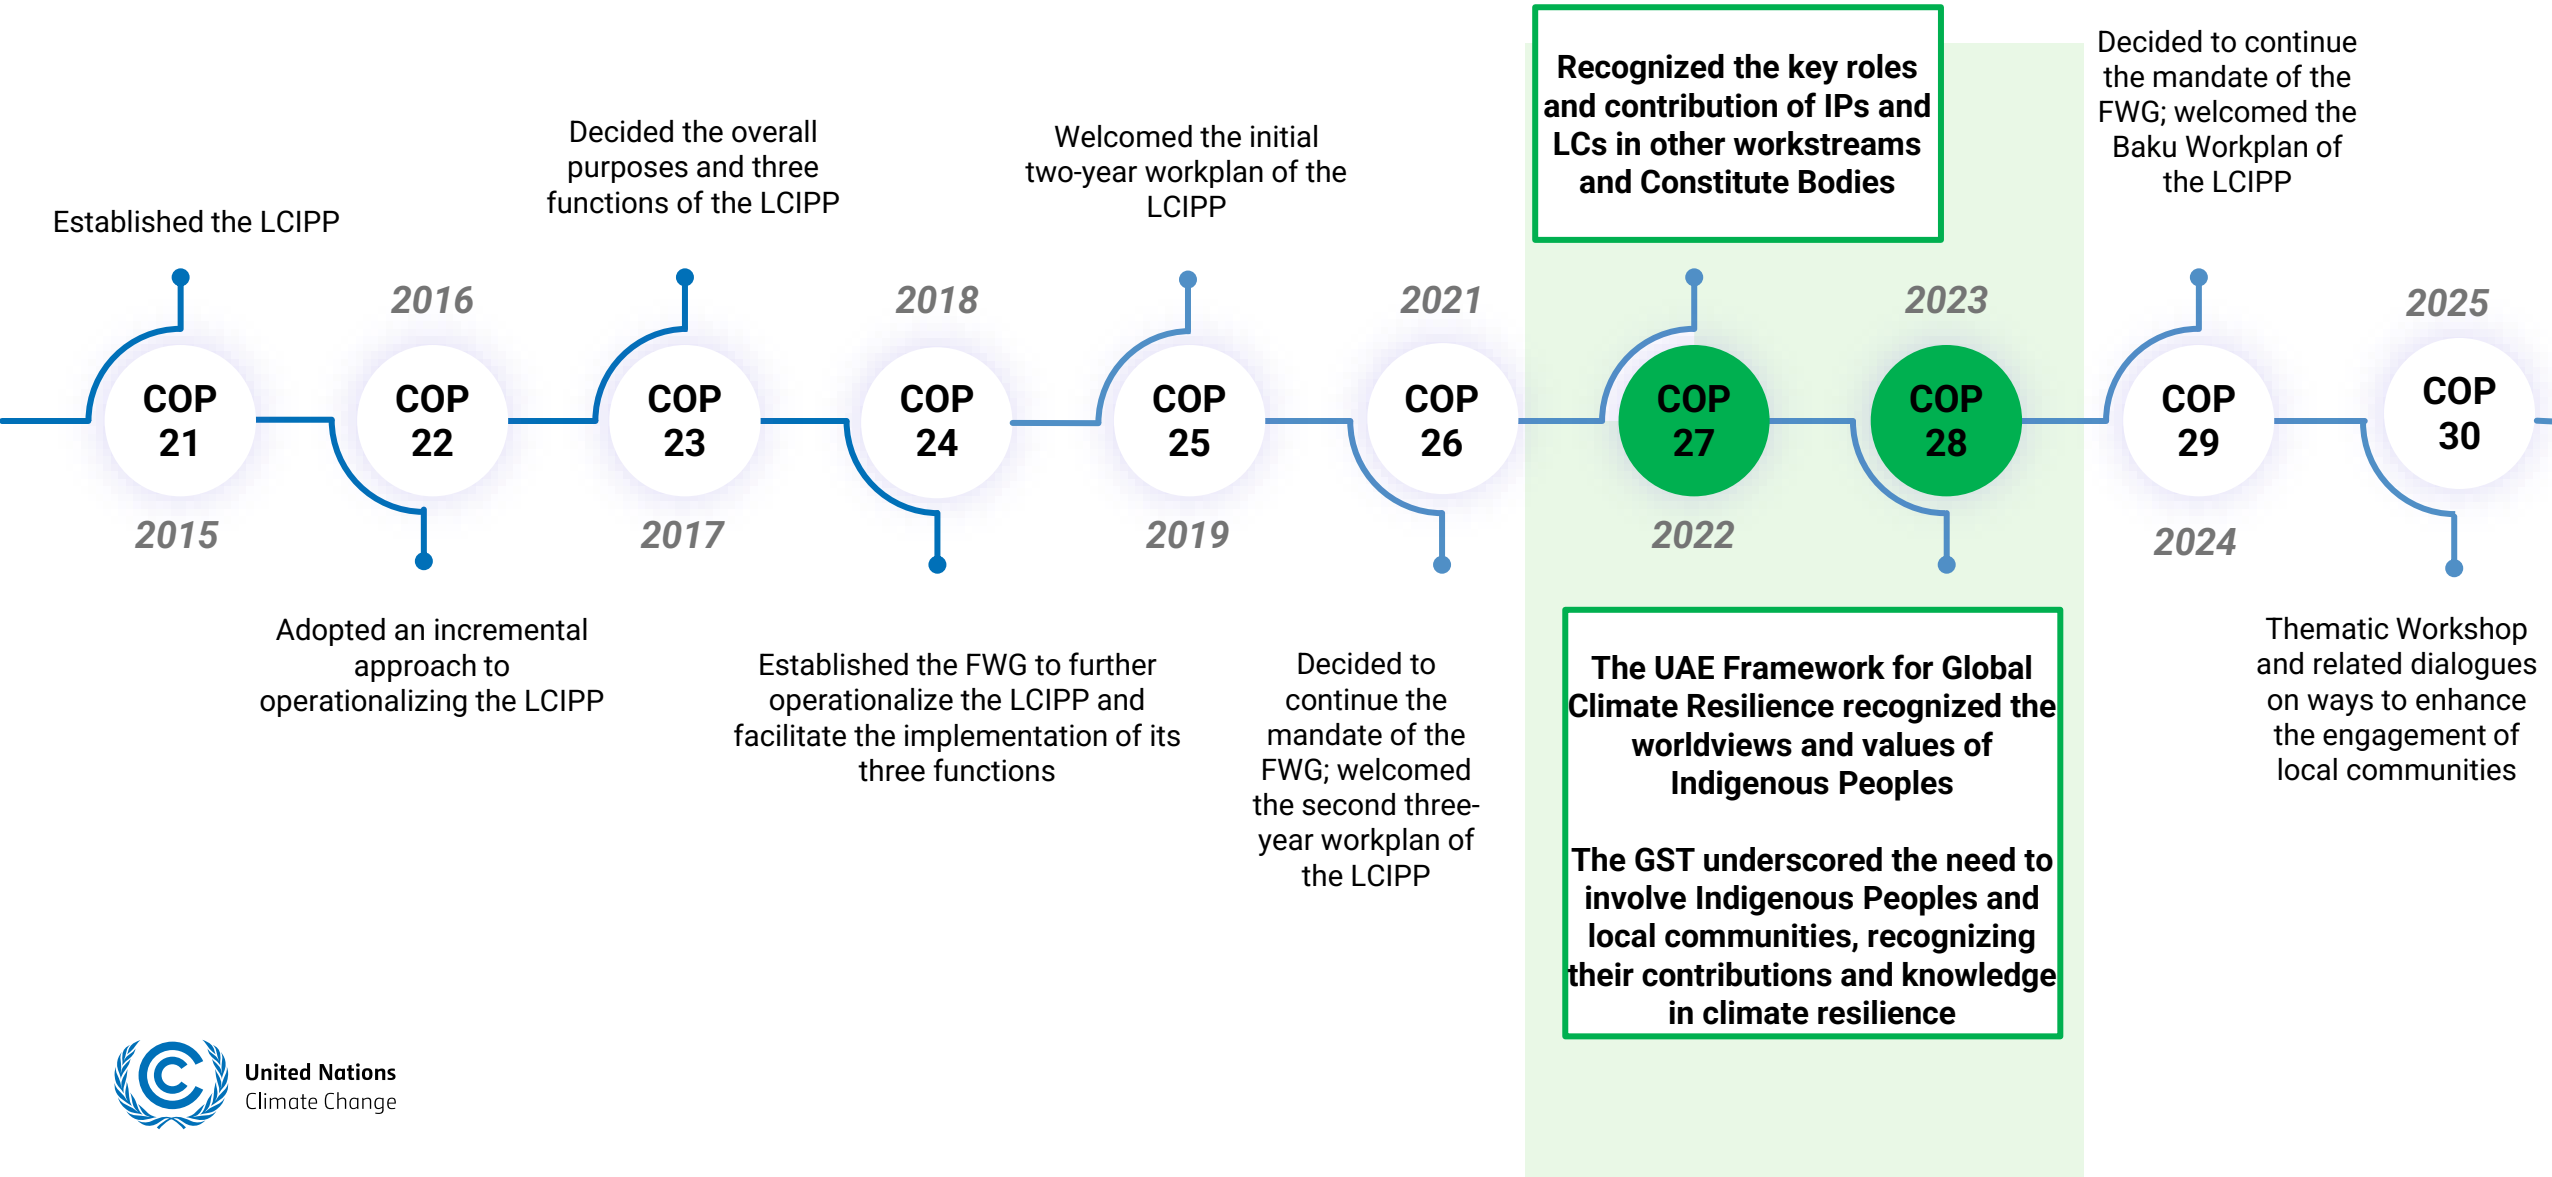

The aim of the annual meetings will be to build the engagement of indigenous youth, women, children, persons with disabilities and youth from local communities in all levels and aspects of climate action and bring together strategies and technologies to reduce greenhouse gas emissions and build climate resilience.

Deliverables:

- One gathering per year in conjunction with the session of the COP, to take place in round-table discussion format, divided into two parts: one for indigenous peoples including indigenous youth and persons of different genders, and a focus on intergenerational knowledge-sharing.

FWG's continued collaboration with constituted bodies and work programmes

Fifth workshop under the Glasgow–Sharm el-Sheikh work programme on the global goal on adaptation

FWG members urged reimagining humanity's relationship with nature, a shift in perspective in climate policymaking processes to reposition humans within rather than above nature, and the adoption of an approach that emphasizes the importance of Indigenous Peoples' values, particularly their reciprocal relationship with nature and intergenerational consideration.

27th meeting of the TEC

FWG shared updates on the design of the LCIPP annual multi-stakeholder dialogue, which creates a space for sharing information on Indigenous technology, science and innovation as part of the work of the TEC

FWG has been engaging with constituted bodies, including

- the Adaptation Committee,
- the Consultative Group of Experts,
- the Katowice Committee of Experts on the Impacts of the Implementation of Response Measures,
- the LEG,
- the Technology Executive Committee and
- the WIM Executive Committee,

comprises participation in regular meetings and in events and contribution to technical forums and documentation

Global Goal on Adaptation

Decision 2/CMA.5:

Para 8: ".....taking into account the best available science and the **worldviews and values of Indigenous Peoples**, to support achievement of the global goal on adaptation;"

Para 9g: "Protecting cultural heritage from the impacts of climate-related risks by developing adaptive strategies for preserving cultural practices and heritage sites and by designing climate-resilient infrastructure, guided by **traditional knowledge, Indigenous Peoples' knowledge and local knowledge systems**"

Draft decision -/CMA.6

Para 21 (d): "Indicators that capture information pertaining to, inter alia, social inclusion, **Indigenous Peoples**, participatory processes, human rights, gender equality, migrants, children and young people, and persons with disabilities;"

Para 33: "Emphasizes the importance of the exchange of knowledge, experience and information and sharing of best practices pertaining to the targets referred to in paragraphs 9–10 of decision 2/CMA.5, including through the work of the AC, the LEG , **the FWG of the LCIPP** and other constituted bodies, "

Unique Attributes of the Baku Workplan

first workplan of a constituted body to be fully embraced and named by the COP after its host city

Collective Approaches Rooted in Indigenous Values

- Activities are anchored in the Indigenous values of **collectivism**, prioritizing the **community's well-being, survival, and harmony** over individual interest

Annual Curation for Intentional Focus

- FWG will annually curate the implementation of identified approaches and deliverables based on thematic priorities to ensure intentional and responsive actions
- Flexible timing allows strategic placement of activities throughout the year, maintaining momentum, enhancing participation

Intergenerational Focus

- ensures generations of Indigenous Peoples are included in decision-making and action, fostering continuity and intergenerational knowledge transmission.

Truly Collaborative Approach

The workplan was created based on inputs from

- series of 9 informal virtual FWG meetings,
- survey inputs from the contributors
- small group discussions during the FWG 9 and FWG 10 meeting
- virtual contributors' briefings
- regional consultations

The Baku Workplan of the Local Communities and Indigenous Peoples Platform 2025–2027

6 Collective Approaches used to organize the workplan consists of activities to engage and promote an exchange, deliverables to elevate the rich exchange and outcomes that weave together concepts and terminologies that embody Indigenous Peoples' knowledge, values and worldviews, and by sharing the perspectives of local communities with an aim to foster a shared understanding that the resilience and long-term well-being of the community of life ultimately depend on the regeneration of nature, ensuring healthy ecological systems and biological diversity.

COLLECTIVE APPROACH 2: REGIONAL ENGAGEMENT

- 2.1 **Convene at least two regional (or biregional) gatherings per year**, organized for and in a different United Nations Indigenous sociocultural region or United Nations region, with the direct involvement of elders, practitioners, knowledge holders, women and youth from each region in the planning and implementation of these gatherings, relevant to the annual theme selected by the FWG.
- 2.2 **Hold a regional dialogue** for Indigenous Peoples, local communities, Parties, constituted bodies, regional IPOs and other LCIPP contributors focusing on integrating diverse knowledge systems, values and practices into regional efforts to address climate change. (The outcomes from activity 2.1 will be presented in this dialogue.)
- 2.3 **Participate in and/or contribute to at least one existing regional-level engagement** activity per year (e.g. NAP Expo).

- 2.4 **Produce summary reports** documenting the discussions at the regional (or biregional) gatherings and the regional dialogue, including recommendations and opportunities for further engagement.
- 2.5 **Compile case stories in diverse formats** that feed into the work of relevant constituted bodies and work under UNFCCC workstreams, as appropriate and in accordance with their respective mandates.
- 2.6 **Integrate recommendations and concrete examples** (from deliverables 2.4–2.5), into relevant work of key constituted bodies and UNFCCC workstreams, in line with the annual theme selected by the FWG.

Amplify the engagement of all Indigenous Peoples and local communities from the regions in the UNFCCC process to support the repositioning of regional climate narratives in line with the FWG vision and strategy

COLLECTIVE APPROACH 3: SEVENTH-GENERATION ROUND TABLE

- 3.1 **Conduct an annual round table based on and guided by the seventh-generation principle** to promote intergenerational dialogue and to highlight the role of Indigenous youth and youth from local communities in the collective well-being of future generations
- 3.2 **Convene a virtual online meeting** for Indigenous youth and youth from local communities to ensure the agenda and discussions for the seventh generation round table represent each of the United Nations Indigenous sociocultural regions and to build the capacity of youth to effectively engage during the sessions of the COP.
- 3.3 **Hold an annual dialogue** for Indigenous Peoples, local communities, Parties, constituted bodies and other LCIPP contributors focusing on intergenerational knowledge exchange to integrate diverse knowledge systems and values into climate policies and actions while ensuring the wellbeing of present and future generations. (Outcomes from activity 3.1 will be presented at this dialogue.)

- 3.4 **Produce a summary report** documenting the discussions at the seventh generation round table and the annual dialogue that includes recommendations and opportunities for further engagement
- 3.5 **Share recommendations** on approaches to ensuring the well-being of current and future generations with relevant constituted bodies and UNFCCC workstreams
- 3.6 **Compile case stories** in diverse formats to feed into the work of relevant constituted bodies and work under relevant UNFCCC workstreams, as appropriate and in accordance with their respective mandates.

Uplift the voices of Indigenous youth and youth from local communities in the UNFCCC process, thus supporting intergenerational and global commitments to address climate change and restore the integrity of nature.

COLLECTIVE APPROACH 4: COLLABORATION WITH CONSTITUTED BODIES AND UNDER WORKSTREAMS OF THE UNFCCC

4.1 Enhance the ethical and equitable engagement of Indigenous Peoples and local communities in the meetings and forums and in the development of technical documents of relevant constituted bodies and UNFCCC workstreams, as appropriate and in accordance with their respective mandates, towards achieving the objective of the Convention and the goals of the Paris Agreement.

4.2 Provide written inputs, drawing on the contribution of Indigenous Peoples and local communities participating in the FWG meetings and LCIPP activities, to the work of relevant constituted bodies and UNFCCC workstreams, as appropriate and in accordance with their respective mandates, including in response to calls for submission and in the context of the global stocktake, in a manner that respects and promotes the rights-based approach.

4.3 Engage knowledge holders, in collaboration with the IPO constituency and local community representatives, in the work of technical expert groups and working groups of the constituted bodies, as appropriate and in accordance with their respective mandates.

Further enhance participatory processes for the development, implementation and communication of climate policies and actions in order to fully embrace diverse values and worldviews and enable their enrichment by a variety of knowledge systems.

Engaging and exchanging (activities)

Elevating (deliverables)

Weaving together (outcomes)

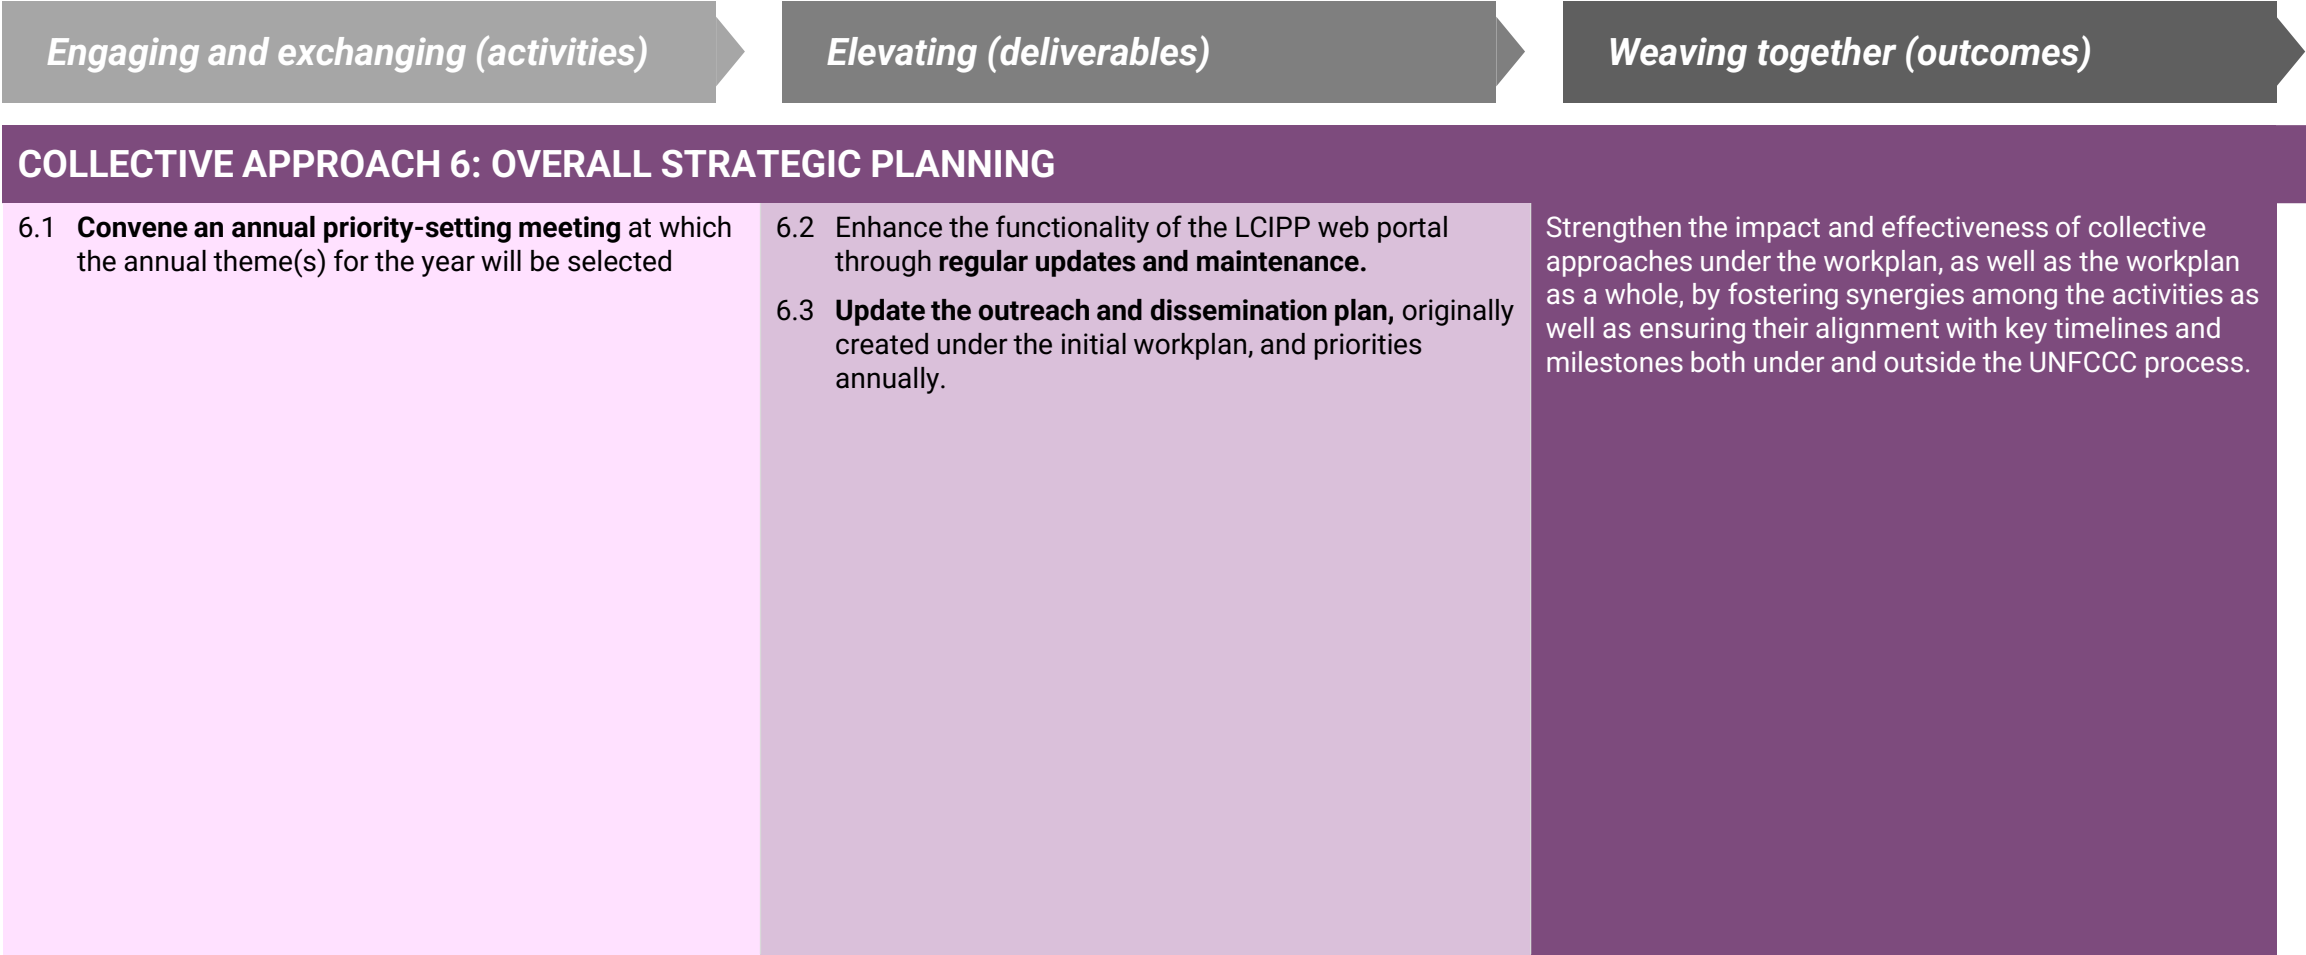

COLLECTIVE APPROACH 5: ENHANCED ENGAGEMENT WITH PARTIES

- 5.1 **Conduct targeted outreach to and engage with national focal points**, including but not limited to national focal points to the UNFCCC, loss and damage contact points, adaptation contact points, national gender and climate change focal points and national Action for Climate Empowerment focal points.
- 5.2 **Hold an annual dialogue** for Indigenous Peoples, local communities and Parties to promote the ethical and equitable engagement of values and knowledge systems of Indigenous Peoples and local knowledge systems in the design and implementation of NAPs, NDCs and national communications.

- 5.3 **Develop recommendations and guidance on best practices to ensure the ethical and equitable engagement, protection, and use of traditional knowledge, the knowledge of Indigenous Peoples, and local knowledge systems**, including through an ethics protocol to be created with the direct involvement of Indigenous Peoples and local communities and used at the gatherings of knowledge holders, regional (or biregional) gatherings, and seventh-generation round tables.
- 5.4 Enhance the participation of Indigenous Peoples and local communities in the UNFCCC process, prioritizing direct participation, including of youth and women, in training sessions and workshops of relevant constituted bodies and UNFCCC workstreams, in order to facilitate their contribution to the process of formulating, implementing and communicating climate policies and actions.
- 5.5 **Develop a draft ethics protocol before the 15th meeting of the FWG** and enhance the participation of Indigenous Peoples and local communities in the UNFCCC process throughout the year.

Foster national-level climate action planning and implementation, including the development of policies and programmes that increasingly reflect the values, worldviews, knowledge systems and priorities of Indigenous Peoples and local knowledge.
