- b. One representative of a Party from a small island developing State;

*b. Staggered FWG membership*

Recognizing the importance of institutional knowledge and continuity in the efforts of the FWG to further operationalize the LCIPP and facilitate implementation of the functions of the Platform, COP 29 decided that, among the representatives appointed as FWG members for terms beginning in June 2025, three Party representatives and three representatives from Indigenous Peoples organizations shall serve for a term of two years instead of three years. Thereafter, all representatives shall serve three-year terms, in accordance with decision 2/CP.24.

COP 29 also invited the FWG to decide which Party representatives and which representatives from Indigenous Peoples organizations shall serve for a term of two years, as referred to in paragraph 13 of decision 14/CP.29, in a manner that ensures geographical and gender balance.

<sup>1</sup> In line with Decision 2/CP.24, paragraph 7, the appointed alternate, Benjamin Karmorh was completing the functions of the member until the member was appointed

At its 14<sup>th</sup> meeting, the FWG decided,<sup>2</sup> in line with decision 14/CP.29, paragraphs 13 and 14, the following:

- a. The representative from the Western Europe and Others Group (WEOG) will serve a term of two years instead of three.
- b. Two additional representatives of the Parties and three representatives of the Indigenous Peoples organizations will be identified ahead of FWG 15 to serve a term of two years.

Party representatives on the FWG from Small Island Developing States and the UN regional group of Africa expressed willingness to serve a two-year term instead of three to facilitate institutional knowledge and continuity. They further clarified that they would need to consult their respective Party groups to make any decision.

Representatives of Indigenous Peoples organizations on the FWG, from the United Nations Indigenous sociocultural regions of Africa, Asia and North America also expressed their willingness to serve a term of two years instead of three.

Action:

The FWG will be invited to decide which Party representatives and which representatives from Indigenous Peoples Organizations will serve for a term of two years, in accordance with decisions 14/CP.29 and 2/CP.24.

#### **4. Progress on the implementation of FWG 14 decisions**

At its 14th meeting, the FWG adopted nine decisions, including the adoption of the LCIPP care principles and a decision on the dates of its 15th meeting.<sup>3</sup> The FWG also agreed on a set of intersessional actions. Under this agenda item, the FWG will share progress made in implementing these decisions, which will help inform discussions under other relevant agenda items, including agenda items 5 and 6.

- a. *Convening a virtual FWG meeting on coordination of Collective Approach 5 of the Baku Workplan in December 2025 to discuss approaches to implementing deliverable 5.5*

On 16 December 2025, the FWG held a virtual meeting to coordinate the implementation of Collective Approach 5 of the Baku Workplan. The FWG reviewed the mandated deliverables, including the development of a draft ethics protocol before its 15th meeting. The FWG further noted that the draft ethics protocol, along with recommendations and guidance on good practices, will ensure the ethical and equitable engagement, protection and use of traditional knowledge, the knowledge of Indigenous Peoples and local knowledge systems, as set out under CA5. It will be developed with the direct involvement of Indigenous Peoples and local communities and used at gatherings of knowledge holders, regional (or biregional) gatherings and seventh-generation round tables. The FWG also agreed to organize three workshops, each with two sessions, held in the morning and late afternoon CEST, to accommodate participants across time zones. The workshops were held between January and March 2026. More detailed discussions on the implementation of Collective Approach 5 of the Baku Workplan will take place under agenda item 5(e).

*b. Allocating time at the 2026 LCIPP annual priority-setting meeting to discuss FWG 14 decision 6(a) and 6(b)*

In light of military escalation in some parts of the world and related travel disruptions, the FWG decided to convene the 2026 LCIPP priority-setting meeting virtually to ensure the safety and security of all members and support their equitable participation. The meeting was held from 23 to 26 March 2026.<sup>4</sup>

- b. Assess and explore ways to enhance the engagement of local communities in the LCIPP work, taking into account outputs from the FWG 14 discussions; further notes, consistent with its mandate in decision 14/CP.29, para 15, that the FWG has already undertaken concrete steps to strengthen the engagement of local communities, alongside Indigenous Peoples, including through convening small-group discussions, inviting opening remarks, and engaging local knowledge holders/ practitioners from local communities in mandated LCIPP events.

Consistent with decision 14/CP.29, paragraph 15, the FWG noted steps already taken to strengthen the engagement of local communities, alongside Indigenous Peoples. These include adapting its biannual meetings to include small-group discussions, inviting opening remarks from local communities, and engaging local knowledge holders and practitioners from local communities in mandated LCIPP events.

At the 2026 LCIPP priority-setting meeting, the FWG took note of the challenge and recommendation reflected in its 2024 report.<sup>5</sup> It also recalled the relevant COP 29 mandate and discussed existing pathways to enhance the engagement of local communities across the UNFCCC process, including mandated LCIPP events and the work of technical expert groups and working groups of constituted bodies, such as the non-economic losses expert group and the NAP Taskforce.

*c. Taking LCIPP contributors' input into consideration in the implementation of the Baku Workplan for 2025–2027*

The FWG took into consideration inputs from LCIPP contributors, as appropriate, in the implementation of the Baku Workplan of the LCIPP.
